I. INTRODUCTION

This document contains a Request for Proposal for providing food service management services for CharterChoice Collaborative School Food Authorities' (SFA) participation in the United States Department of Agriculture's (USDA) Child Nutrition Programs (CNP) and sets forth the terms and conditions applicable to the proposed procurement. Upon acceptance, this document, the offeror's proposal, and approved amendments or addendums to this document shall constitute the contract between the offeror and the School Food Authority.

The SFA has full responsibility for ensuring that the terms of the contract are fulfilled. SFAs must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of the contract. The Colorado Department of Education (CDE) is never a party to any contract between a SFA and a food service management company (FSMC). CDE has no involvement with the enforcement of this contract; however, payment can be denied for all meals received / purchased, if a FSMC fails to meet the terms and conditions of the contract.

The SFA alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the SFA of any contractual responsibilities under its contracts. USDA will not substitute its judgment for that of the SFA unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or Federal authority having proper jurisdiction.

II. REQUEST FOR PROPOSAL / INSTRUCTIONS

A. Legal Notice

Notice is hereby given that CharterChoice Collaborative School Food Authority, hereinafter referred to as the SFA, intends to examine alternatives to its present food service program, including self-preparation.

No intent should be construed from this legal notice that SFA intends to enter into a contract with any party for alternative food service unless, in the sole opinion of SFA, it is in SFA's best interest to do so.

All costs involved in submitting a response to this Request for Proposal (RFP) shall be borne in full by the interested party.

SFA reserves the right to accept any proposal which it determines most favorable to the interest of SFA and to reject any or all proposals or any portion of any proposal submitted which, in SFA's opinion, is not in the best interest of SFA.

The Offeror to this RFP will be referred to as the FSMC, and any contract that may arise from this Request for Proposal (RFP) will be between the FSMC and the SFA.

B. Request for Proposal

1. In accepting proposals, CharterChoice Collaborative SFA reserves the right to reject any and all proposals and to waive any minor informality in order to take the action which it deems to be in the best interest of SFA.
2. Offerors must submit a complete response to this Request for Proposal (RFP), including all certifications, for consideration as a responsive proposal.
3. Contracts entered into on a basis of submitted proposals are revocable if contrary to law.
4. See Standard Terms and Conditions herein below.

C. Procurement Method

1. Procurement Method will be the Competitive Proposal which differ from the traditional sealed bid method with the application of the following requirements:

- a. The CDE Template is required for proposals. The SFA must incorporate all CDE required changes to its solicitation documents before issuing those documents
 - b. Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;
 - c. Proposals will be solicited from an adequate number of qualified sources;
 - d. SFA must have a written method for conducting technical evaluations of the proposals received and for selecting awardees;
 - e. Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered;
 - f. Awards will be made only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
2. Discussions for the purpose of clarification may be conducted with responsible offerors who submit proposals determined to be considered for award selection, to assure full understanding of all terms and conditions of the RFP response and Contract requirements following state regulations and SFA policy. It is expected that the negotiation process will result in the selection of the successful offeror. However, if after negotiations, two or more offerors are still under consideration, the SFA must make a final selection, using an unbiased method, e.g., the bidders are asked to submit a best and final price. The offerors should be informed of the situation and the method the SFA will use to select the successful offeror. The award should be made to the responsible offeror whose proposal is most advantageous to the SFA, price and other factors considered, with price the primary factor.
 3. In conducting these discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.
 4. All procurement transactions shall be conducted in a manner that provides maximum open and free competition consistent with 2 CFR § 200.319. Some of the situations considered to be restrictive of competition include but are not limited to: placing unreasonable requirements on firms in order for them to qualify to do business, requiring unnecessary experience and excessive bonding, Noncompetitive pricing practices between firms or between affiliated companies, noncompetitive awards to consultants that are on retainer contracts, organizational conflicts of interest, specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and any arbitrary action in the procurement process.
 5. The SFA must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. This applies if the SFA has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe.
 6. SFA will maintain records sufficient to detail the significant history of the procurement. These records must include, but are not limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

In addition, the schools are interested in exploring a la carte food items - pricing and information is requested however programs may not be implemented in the first year. Jefferson Academy is open to alternative meal service options at Coal Creek- if so, FSMC must provide such plan.

The schools seek the FSMC to provide in this proposal at minimum, a detailed list of non-capital (non-fixed) equipment required to successfully operate the meal program at Jefferson Academy, particularly identifying any items not currently available at the school. Existing non-fixed equipment at Jefferson Academy Elementary is anticipated but not guaranteed to remain available, and this information is needed to ensure continuity of operations under any scenario.

Jefferson Academy currently has the following food service equipment at each of the school sites (equipment list may not be comprehensive):
